

Design and Media Team – 2009

Work Contribution Form

The final assessment mark awarded to each individual will depend on the mark awarded to their team, their contribution to the work of the team, and their attendance at the weekly meetings with the Team Tutor.

This form allows your team to specify what you believe to be the relative contributions of the individual team members to the team's overall performance.

You need to supply a percentage for each team member, such that they add up to 100%

Examples:

If all five team members contributed equally, then give them all 20%

If one did slightly more than the rest, perhaps give 24%, 19%, 19%, 19%, 19%

If one team member did all the work, they get 100%, while everyone else gets 0%

If the team cannot agree, then the lecturer and tutors will have to decide for you.

Team Number:

	Name	Percentage	Signature
1			
2			
3			
4			
5
